Re: Freedom of Information Request
Ref: 41-2021

Thank you for your email dated the 4th February 2021, requesting information in relation to Paediatric usage of Buccolam for pre-med and diagnostic use.

The information that you require is as follows:

I write to you to request information to answer the below questions:

What number of Buccolam syringes were administered to paediatric patients for the purposes of sedation pre procedures over the last 12 months of data you hold (please provide details of what this date range is).

No Buccolam syringes were administered to paediatric patients for the purposes of sedation pre procedures over the last 12 months.

What number of Buccolam syringes were administered to paediatric patients for the purposes of treating epilepsy over the last 12 months of data you hold (please provide details of what this date range is).

No Buccolam syringes were administered to paediatric patients for the purposes of treating epilepsy over the last 12 months.

If a specific purpose is not discernible please could I request the number of syringes administered to all paediatric patients. If the number of syringes is not possible but the number of paediatric patients that received Buccolam is, then again this information would also be gratefully received.

No Buccolam syringes were administered to any paediatric patients over the last 12 months.

Should you require any further information please do not hesitate to contact me on the email address provided below.

Please remember to quote the reference number above in any future communications.
