Re: Freedom of Information Request
Ref: 01-2021

Thank you for your email which we received today from our PALS team, requesting information in relation to Covid-19 deaths.

The information that you require is as follows:

Under the Freedom of Information Act 2000, please provide me with the following information, as I require this information for a project I am currently undertaking:

I can see the figures that you publish online, but these are deaths within 28 days of a positive Covid-19 test, so they could have died from other causes. I just want to know the exact figures between 1st February 2020 until the 31st December 2020 for the following questions:

Question 1

How many people have died in each of your hospitals between 1st February 2020 until the 31st December 2020?

There were 89 inpatient deaths from 1st February 2020 to 31st December 2020. Our inpatient wards were in Clatterbridge Cancer Centre – Wirral from 1st February to 27th June 2020. They moved to the new Clatterbridge Cancer Centre – Liverpool on 27th June 2020.

Question 2

How many people have died in your hospitals from Covid-19 alone between 1st February 2020 until the 31st December 2020?

(As in they died ONLY due to Covid-19 and did not have any comorbidities at the time of death.)

with the Data filtered :

By Hospital showing deaths per month per hospital between 1st February 2020 until the 31st December 2020.

Zero.

Question 3

How many people have died in your hospitals from Covid-19 between 1st February 2020 until the 31st December 2020?

(As in they died due to Covid-19 but they did have comorbidities at the time of their death.)

with the Data filtered :

By Hospital showing deaths per month per hospital between 1st February 2020 until the 31st December 2020.

There have been 3 inpatient deaths (1 in October 2020 and 2 in November 2020) at The Clatterbridge Cancer Centre from 1st February 2020 to 31st December 2020 where patients died 'from' Covid-19 and they had comorbidities at the time of their death.
