**Ref: 11-2021**

Thank you for your email dated the 12<sup>th</sup> January 2021, requesting information in relation to UV disinfection.

The information that you require is as follows:

- 1. Are any of your hospitals using UV disinfection technology to help prevent HCAI?**

**Yes, we do use UV disinfection technology within our Trust.**

- 2. If yes, which departments and areas within the hospital are using UV technology?**

**This can be used in all areas within the Trust as part of a terminal clean.**

- 3. If yes, has it had a positive effect on reducing HCAI?**

**Information not held - We have only been using this technology for 6 months in this way, we also have technology such as HP mist within our Trust. We are therefore unable to assess the impact of UV decontamination alone.**
