The paper links to the following strategic priorities (please tick)

Deliver outstanding care locally	X	Collaborative system leadership to deliver better patient care	X
Retain and develop outstanding staff	X	Be enterprising	X
Invest in research & innovation to deliver excellent patient care in the future	X	Maintain excellent quality, operational and financial performance	X

The paper relates to the following Board Assurance Framework (BAF) Risks

BAF Risk	Please Tick
1. If we do not optimise quality outcomes we will not be able to provide outstanding care	√
2. If we do not prioritise the costs of the delivering the Transforming Cancer Care Programme we will not be able to maintain our long-term financial strength and make appropriate strategic investments.	√
3. If we do not have the right infrastructure (estate, communication & engagement, information and technology) we will be unable to deliver care close to home.	√
4. If we do not have the right innovative workforce solutions including education and development, we will not have the right skills, in the right place, at the right time to deliver the outstanding care.	√
5. If we do not have an organisational culture that promotes positive staff engagement and excellent health and well-being we will not be able to retain and attract the right workforce.	√
6. If we fail to implement and optimise digital technology we will not deliver optimal patient outcomes and operational effectiveness.	√
7. If we fail to position the organisation as a credible research partner we will limit patient access to clinical trials and affect our reputation as a specialist centre delivering excellent patient care in the future.	√
8. If we do not retain system-side leadership, for example, SRO for Cancer Alliance and influence the National Cancer Policy, we will not have the right influence on the strategic direction to deliver outstanding cancer services for the population of Cheshire & Merseyside.	√
9. If we do not support and invest in entrepreneurial ideas and adapt to changes in national priorities and market conditions we will stifle innovative cancer services for the future.	√
10. If we do not continually support, lead and prioritise improved quality, operational and financial performance, we will not provide safe, efficient and effective cancer services.	√

Corporate Governance Statement (FTs and NHS trusts)

The Board are required to respond "Confirmed" or "Not confirmed" to the following statements, setting out any risks and mitigating actions planned for each one

Corporate Governance Statement

Response Risks and Mitigating actions

<p>1 The Board is satisfied that the Licensee applies those principles, systems and standards of good corporate governance which reasonably would be regarded as appropriate for a supplier of health care services to the NHS.</p>	<p>Confirmed</p>	<p>The Annual Governance Statement provides assurance on the strength of Internal control regarding risk processes and effectiveness. An internal audit annual plan is agreed and overseen by the Audit Committee with follow up reviews being carried out to check compliance with internal audit recommendations.</p>	<p>REF1</p>
<p>2 The Board has regard to such guidance on good corporate governance as may be issued by NHS Improvement from time to time</p>	<p>Confirmed</p>	<p>Any risk of non-compliance is mitigated via the Associate Director of Corporate Governance introducing and managing the oversight of new guidance issued by NHS Improvement.</p>	<p>REF1</p>
<p>3 The Board is satisfied that the Licensee has established and implements: (a) Effective board and committee structures; (b) Clear responsibilities for its Board, for committees reporting to the Board and for staff reporting to the Board and those committees; and (c) Clear reporting lines and accountabilities throughout its organisation.</p>	<p>Confirmed</p>	<p>The Board recognises that a clear reporting structure is necessary from floor to Board. A review around the committee structure has been carried out resulting in a revised, strengthened committee reporting structure in place in shadow form from March 2019. The Quality Committee remains the main mechanism for providing assurance that systems and processes exist for continuous improvement for safe and effective services. The Finance and Business Development Committee was reconstituted as the Performance Committee and provides assurance concerning the development and delivery of the Trust's Business Plan in addition to undertaking a strategic advisory role in ensuring the Trust develops an appropriate long-term strategy and financial plan. The Audit Committee remains unchanged in so far as it independently monitors and reviews processes relating to governance and risk. Each committee has Terms of Reference which clearly articulate the purpose, scope, responsibilities, reporting lines and delegated authority from the Board. The Board receives a monthly report from each Chair (NED) of the sub-committees of the Board thus ensuring matters of concern are escalated appropriately.</p>	<p>REF1</p>
<p>4 The Board is satisfied that the Licensee has established and effectively implements systems and/or processes: (a) To ensure compliance with the Licensee's duty to operate efficiently, economically and effectively; (b) For timely and effective scrutiny and oversight by the Board of the Licensee's operations; (c) To ensure compliance with health care standards binding on the Licensee including but not restricted to standards specified by the Secretary of State, the Care Quality Commission, the NHS Commissioning Board and statutory regulators of health care professions; (d) For effective financial decision-making, management and control (including but not restricted to appropriate systems and/or processes to ensure the Licensee's ability to continue as a going concern); (e) To obtain and disseminate accurate, comprehensive, timely and up to date information for Board and Committee decision-making; (f) To identify and manage (including but not restricted to manage through forward plans) material risks to compliance with the Conditions of its License; (g) To generate and monitor delivery of business plans (including any changes to such plans) and to receive internal and where appropriate external assurance on such plans and their delivery; and (h) To ensure compliance with all applicable legal requirements.</p>	<p>Confirmed</p>	<p>The Committee structure provides assurance to the Board that the Trust is operating effectively which in turn mitigates any risk that the Trust's systems are not adequate. The Quality Committee receives reports relating to the quality and safety of our services and provides scrutiny and oversight of a range of metrics relating to quality, safety and patient experience. The Trust has developed a Quality Report for 2018/19 which highlights quality improvements made during the reporting period in addition to outlining the quality priorities for 2019/20. The Trust has in place Standing Financial Instructions in addition to a Scheme of Delegation that determines the framework for financial decision making, management and control. The Performance Committee and Board receive reports on financial decision-making and future planning. Systems of internal control are subject to regular audit and the Audit Committee provides additional oversight and challenge on all aspects of performance. The Trust has a Risk Strategy in place and the Board Assurance Framework in addition to the Corporate Risk Register provide the framework through which high level risks are considered. The Board and associated sub-committees receive the Board Assurance Framework on a quarterly basis. The Trust has an annual work plan in place for the Board to ensure the Trust meets all applicable legal requirements.</p>	<p>REF1</p>
<p>5 The Board is satisfied that the systems and/or processes referred to in paragraph 4 (above) should include but not be restricted to systems and/or processes to ensure: (a) That there is sufficient capability at Board level to provide effective organisational leadership on the quality of care provided; (b) That the Board's planning and decision-making processes take timely and appropriate account of quality of care considerations; (c) The collection of accurate, comprehensive, timely and up to date information on quality of care; (d) That the Board receives and takes into account accurate, comprehensive, timely and up to date information on quality of care; (e) That the Licensee, including its Board, actively engages on quality of care with patients, staff and other relevant stakeholders and takes into account as appropriate views and information from these sources; and (f) That there is clear accountability for quality of care throughout the Licensee including but not restricted to systems and/or processes for escalating and resolving quality issues including escalating them to the Board where appropriate.</p>	<p>Confirmed</p>	<p>The Board is considered to be balanced in skill and appropriate. During the year there has been a number of changes within the composition of the Board with the appointment of a Chair, Chief Executive, Director of Nursing, Director of Finance, Director of Workforce and Organisational Development in addition to a new Non-Executive Director and Associate Director. The Board is satisfied that even though there was the risk of adequate continuity in senior leadership, any risks are mitigated and the current membership allows it to function effectively. External assurance is sought on the Quality Report in addition to the receipt of high level reporting to the Board ensures up to date information relating to quality of care is received. Joint Executive, Non-Executive and Governor walk-about have been carried out providing opportunity for all to engage with patients and staff. A refreshed Integrated Performance report is provided monthly to Board in addition to sub-committee NED Chair reports ensure a sound process for escalation of issues where necessary.</p>	<p>REF1</p>
<p>6 The Board is satisfied that there are systems to ensure that the Licensee has in place personnel on the Board, reporting to the Board and within the rest of the organisation who are sufficient in number and appropriately qualified to ensure compliance with the conditions of its NHS provider licence.</p>	<p>Confirmed</p>	<p>The Board contains appropriately qualified Medical Director, Director of Nursing and Finance Director. Annual appraisals are carried out on all Non-Executive Directors and reported to the Nominations Committee. In addition, the Board receives reports relating to workforce issues.</p>	<p>REF1</p>
