Thank you for your confirmation email dated the 10th October 2019, requesting Information relating to chief information officers and/or chief clinical information officers.

The information that you require is as follows:

I am conducting a research survey.

This research aims to find out how many NHS trusts have appointed chief information officers and/or chief clinical information officers (CIO/CCIO), which was a key recommendation in the Wachter report into NHS technology in 2016. It also looks to find out the diversity of the CIO/CCIO workforce.

Please fill in the excel sheet attached with this Email.

Please see Appendix 1

Should you require any further information please do not hesitate to contact me on the email address provided below.

Please remember to quote the reference number above in any future communications.

If you are dissatisfied with the handling of your request, you have the right to ask for this to be investigated internally.

If you are dissatisfied with the information you have received, you have the right to ask for an internal review.

Both processes will be handled in accordance with our Trust's Freedom of Information Policy and the Freedom of Information Act 2000.

Internal investigation and internal review requests should be submitted within two months of the date of receipt of the response to your original letter and should be addressed to: Freedom of Information Review, The Clatterbridge Cancer Centre NHS Foundation Trust, Clatterbridge Road, Bebington, Wirral, CH63 4JY

If you are not satisfied with the outcome of the internal investigation/review, you have the right to apply directly to the Information Commissioner for a decision.
